

FIRST GRADUATION CEREMONY

NOVEMBER 15TH, 2019

*"Education is not the learning of facts,
but the training of the mind to think."
-Albert Einstein*

FOUNDERS' VISION

Hon. Justice Kasanga Mulwa

The history of **LUKENYA UNIVERSITY** begins with the dream for a better Makueni, and by extension a better country. Hon. Justice Kasanga Mulwa who was a three time MP for Makueni then later Kibwezi constituency, fell in love with his home county at an early age, and vowed to himself that he would do his best to uplift the well being of the people of Makueni.

During his political days he introduced horticulture to Kibwezi and established many schools. Indeed most settlement schools began during his tenure as MP **1969-1982**. He also initiated many projects which still continue to this day. His love for education and agriculture however remains unmatched by any leaders that succeeded him. Indeed he understood that only through education would the people of Makueni and the country at large have a productive

Mrs. Martha Mulwa

populace and since land was abundant in Makueni then agriculture needed to be enhanced. He understood that as a dry and semi-arid county knowledge in irrigation and appropriate technology to ensure water management was required to transform the county into a productive zone.

It's with this understanding that together with his wife **Martha Kasanga Mulwa**, who had for 20 years run the **Lukenya Schools** in Machakos County, embarked on the Lukenya University Vision. On a piece of land he had acquired in Athi Area of Mtito Andei area, he donated 1,200 acres of it for establishment of the university. The area was dry and arid, without much water save for the great Athi River known here as Galana River which is the artery of life for man and wildlife of the Tsavo ecosystem. It is in this setting that the future university

would be built. His good friend and longtime politician Wilson Mutunga was on the forefront of encouraging the family to set up at Mtito Andei.

To pursue the dream, to begin with, he assembled likeminded people and established a steering committee of visionaries led by Prof. Chacha Nyaigotti Chacha and Dr. Andrew Mullei, the council founding chairman. The steering committee oversaw all documentation and together with the guidance of the Commission for University Education and other experts, the University was midwived by some of the best minds in the country.

The underlying theme and vision of the institution was to provide students with studies on dryland farming and technologies related to dryland economies. Construction work began in 2013 supported by loan funding from Cooperative Bank. With these and other resources the Board of Trustees were able to develop phase one of the university which culminated in award of LIA in 2015 November 15th. The first 22 students then were admitted in May 2016 semester with Professor Chacha as the pioneer Vice Chancellor.

Lukenya University is currently the only private university in Lower Eastern, we aim to be the largest residential university in Kenya. We believe we have an ideal environment where we aim to pioneer research in various sectors especially, dry land farming, renewable energy and food security.

At present the university has enrolled 1,300 students in various programs across the various departments. The university aims to grow to be the largest private residential university in Kenya. This is to be achieved by developing accommodation facilities for up to 5000 students by 2030 and excelling in our

selected areas of focus as an institution of higher learning.

In these areas of focus, the university aims to equip its students with the skills necessary to perform in the age of the 4th industrial revolution and beyond, as a means to embrace change and the future. Beginning in 1995, the local labor market in particular and worldwide in general, more individuals are employed in the "new economy". Recognizing this, where 8 out of 10 in the workforce are likely to be self-employed or managing knowledge based enterprises characterized by digitization therefore demands skills in critical thinking, creativity and innovation, collaboration, global citizenry, and last but not least good character. This is what we are endeavoring to impart to each and every of our students in line with the vision of the founders of this institution.

Such dreams and visions can appear misplaced, especially considering the rural setting of our university. As universities become more successful they attract individuals from different corners of the world. They often may not provide for the education needs of the local community or those in the early stages of education. However, it is for this reason, that the trustees also saw it fit to invest in the local community by setting up the Lukenya Community School which has a mixed primary school and secondary school, there is also a community health center and police post which was gazetted recently by the national government.

It is therefore the realization of a dream for this first Graduation Ceremony which is a testament to the efforts by all involved in the pursuit of delivering this vision of a leading university in this beautiful part of the world.

MESSAGE FROM THE BOARD OF TRUSTEES

Hon. Senator Sylvia Mueni Kasanga
Board of Trustees Chairperson.

On behalf of all BOT members; I congratulate each graduand following successful completion of your studies that have culminated in the award of certificates, and diplomas; and conferred degrees. Compliments to you all. You are now equipped with necessary skills and knowledge to face the job market not just as jobseekers but as wealth and employment generators.

As you enter the job market, remember that today's world is constantly changing and you need to match this change. You have to keep yourselves abreast with the ever changing technology so that you can be on top of the world.

Face the world with determination and

do not dread to start some beneficial business ventures. Remember; some world's greatest business empires started small and have been built with a lot of resilience overtime till the state they are today.

As a graduand; you have the knowledge and expertise needed to come up with great innovations that can offer solutions to modern problems. Just start with your immediate environment and or area where you come from. Analyse the existing problems or needs, identify one you can effectively offer solutions to in a business form; carry out research on the issues, prepare a business plan, seek advice from some experts, develop partnership with key stakeholders; carry out a review of the processes then move on. Within time you may be surprised by your success. In case your first attempt fails, do not give-up, keep trying and moving forward day by day.

Lukenya University graduands; as you pursue your dreams, remember to identify your passions, what you are good at and what pleases you then do it with great aspiration. Work hard, remain focused and be truthful to God, yourself, and the Nation Kenya.

May your education attainment and the skill endowment be the key and gate to your success. God bless you in your endeavours. Finally; Welcome to Lukenya University for further studies and research.

APPRECIATION MESSAGE TO GRADUANDS

HARRIS MULE
Chancellor

On this great occasion of the first ever graduation ceremony of Lukenya University, I have the pleasure to congratulate you dear graduands for the commitment and discipline that you have shown towards your academic pursuit.

This is a great achievement not only to yourself but to the entire humanity. The parents and guardians have made us proud in paying fees in good time.

I wish to assure the graduands that investing in education is the best investment ever. I believe in the statement

that "human resource is the greatest asset in any organization." Without human resources, organizations are only shells.

The knowledge, skills and competencies you have acquired will help you maintain high standards as you work with your employers. I want you to demonstrate that you are professionals of high standing morals and ethical values.

I urge you to follow the law to the letter as you discharge your mandate. You will never go wrong when you are governed by the rule of law. Be good ambassadors of Lukenya University whenever you will be. Give selfless services to God and humanity without discrimination.

Honour God the creator of the universe in the capacities that you shall assume and let the fear of God be your driving force. Once again I wish you life full of God's blessings.

MESSAGE FROM THE UNIVERSITY COUNCIL

Daniel M. Ndonye
Council Chairman

Research has shown that education is the most effective tool used world over to empower individuals to attain self-actualisation. Persons that have realized self-actualisation are more productive in their undertakings, and more successful and fulfilled in their life. You have joined that league of such highly satisfied and rewarded citizenry.

At Lukenya University, you have been sharpened and exposed to explore the world's opportunities. The knowledge and skills attained through your education and training will enable you to face the future with optimism and confidence. Your future is now in your own hands and Lukenya University has given

you the power to profile it to what you want to be. Effectively plan all your future undertakings.

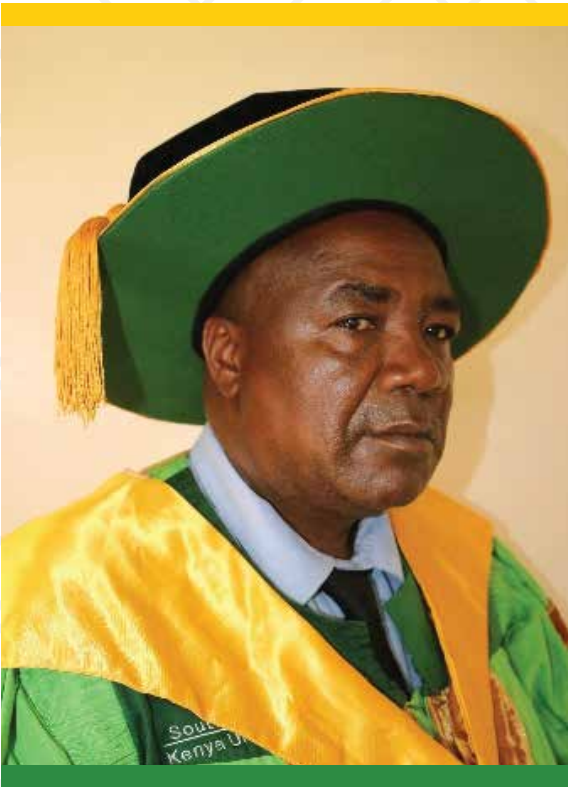

In the past, it has been said that "the sky is the limit"; however, in modern times, evidence has shown that limits that had been set are constantly being surpassed with ease. Recently, a Kenyan athlete, Kipchoge broke the 2 hour marathon time limit. You are called upon to face the world with the aim of breaking previously assumed limits just like what Kipchoge did.

To achieve this, identify your strengths and exploit them; identify your weaknesses and overcome them. Pursue opportunities that exist and seize them then understand threats and prepare to manage them.

Remember, determination knows no barriers. Be determined in all that you do. Do not give-up. Be citizens of good repute and abide by the law. Be distinguished and dependable ambassadors of Lukenya University all over the world. *Postera Crescam Laude* - labour for the benefit of the future generations.

The Lukenya University Council wishes you well in all that you plan to do. God be with you and may God grant you success in your activities.

MESSAGE FROM THE VICE CHANCELLOR

Prof. Constantine M. Nyamboga
Vice Chancellor

On behalf of Lukenya University and on my own behalf, it gives me great honor to congratulate you our beloved graduating class of 2019 during this first ever graduation ceremony.

I am pleased to share with you this great moment as you start your academic journey and illustrious career. The parents and guardians have played a pivotal role in the accomplishment of this achievement. I equally congratulate them for their prompt fees payment and moral support.

I wish to thank my staff for their undivided support in offering quality training, research and development that has made us celebrate you today. I wish to assure our graduands that we will continue to improve our services to meet and exceed the expectations of our customers. To this end I wish to urge all our graduands to be good ambassadors of our university.

Finally I wish to encourage all of you to pursue further education. We have a deficit of human resource in subject areas like, Religion, History, Geography, Physics, Biology, Chemistry and Kiswahili just to mention a few. Take the earliest opportunity and make a decision of furthering your education for marketability reasons.

Once again congratulations my dear graduands and God bless you as you face the world of work.

ANTHEMS

NATIONAL ANTHEM

O God of all creation bless this our
land and nation justice be our shield
and defender

May we dwell in unity peace and
liberty plenty be found within our
borders

Let one and all arise with hearts
both strong and true service be our
earnest endeavor and our homeland
of Kenya heritage of splendor firm
may we stand to defender.

Let all with one accord in common
bond united build this our nation
together

And the glory of Kenya the fruit of
our labor fill every heart with
thanksgiving.

EAST AFRICAN ANTHEM

EAC Anthem in Kiswahili

Verse 1

Ee Mungu twaomba ulinde Jumuiya
Afrika Mashariki Tuwereshe kuishi
kwa amani Tutimize na malengo
yetu.

Chorus

Jumuiya Yetu sole tuilende Tuwaji-
bike tuimarike Umoja wetuni nguzo
yetu Idumu Jumuiya yetu.

Verse 2

Uzalendo pia mshikamano Viwe
msingi wa Umoja wetu Natulinde
Uhuru na Amani Mila zetu Na desturi
zetu.

Verse 3

Viwandani na hata mashambani
Tufanye kazi sote kwa makini Tujitoe
kwa hali na mali Tuijenge Jumuiya
bora.

*"life happens. Adapt. Embrace, and make
The most of everything that comes your way."
-Nick Jonas*
